HOLE PUNCH

Comes complete with adaptor for inserting drippers and connectors.
Blue - 3mm - Drippers
Green - 4mm - Mini Sprinklers

QUICK - CUT

This patented tool provides the easiest method for punching holes. The blade retracts fully after use. Two models are available for 16/20mm pipe for 25/32mm pipe

TWIST PUNCH

This product is the most efficient tool for making holes for saddles. It can be used after the saddle has been installed

INSERTION TOOL

This specially patented device allows for the easy insertion of fittings, drippers or mini sprinklers into 3/5 or 4/7 tubing.

RANGE OF STAKES/DRIPPERS
